RIO SALADO. November 10.—Returns so far received from precincts in Maricopa county give the following result:—Oury 249, Stevens 31, Hardy 14. Additional returns from Pinal county via courier from Globe City, say, Oury 86, Stevens 15, Hardy 0.
The Miner of November 3, says.—The Executive Committee of "The Ring" have ordered five hundred copies of the leading article in THE CITIZEN, of October 28th, printed and distributed throughout this county, as a campaign document in favor of their ticket.
We have always admired the Prescott people for their appreciation and support of local newspapers. They are a reading public and we have it from some of their most prominent members that every copy of THE CITIZEN is read and re-read with eagerness and appreciation at Prescott. We can't blame them for reprinting our editorials in a cheap form so as to place them within reach of a wider public. They are not copyrighted.
The certificate of consolidation of the Senator Consolidated and Alta Consolidated mining companies was filed in the Secretary's office of this Territory, on the 6th instant. The name of the new corporation is The McCrackin Consolidated Mining Company, capital stock \$200,000,000, divided into 200,000 shares of the par value of \$100 each; object to mine and perform all kindred operations upon the claims of the company in Mohave county, Arizona, principal place of business, San Francisco, Cal., and directors, Eugene Cassady, J. C. Bateman, W. H. Allen, Henry P. McNevin, Wm. T. Reynolds.
Is it Hayes and Wheeler or Tilden and Hendricks? It is yet undecided.

TELEGRAPHIC NEWS.

Special Dispatches to THE CITIZEN, by United States Telegraph Line.

PACIFIC COAST MATTERS.

SAN FRANCISCO, November 8.—Maginnis, democrat, has been re-elected delegate for Montana. Cannon has been re-elected delegate for Utah. Full returns from Sacramento county give Hayes 1398, Page 1426 majority. Alameda county, Hayes 1565, Page 1615 majority; San Joaquin county, Hayes 433, Page 475 majority.
SAN FRANCISCO, November 8.—The feeling is intense. Crowds throng the streets in the vicinity of bulletin boards and at the receipt of dispatches the wildest enthusiasm or the deepest gloom prevails; police necessary to clear passage for street cars.
SAN FRANCISCO, November 9.—Prospects of the next House of Representatives being Republican improve every moment.
SAN FRANCISCO, November 9, Mid-night.—Notwithstanding contradictory dispatches from North Carolina, every telegram from the National Republican Committee at Washington bids us to rest assured that Hayes is elected even if by only one vote.
SAN FRANCISCO, 9, 11 p. m.—The Chronicle has a special dated at Chicago, midnight, which says the democratic State central committee acknowledge the election of Hayes by eleven majority. Bets are being offered four to one for Hayes, but no takers.
SAN FRANCISCO, November 10.—Stimonton, manager of the New York associated press, says telegrams from New York as follows:—Kellogg telegraphs to the National Committee, to-night, declaring Republican gains greater than expected, and that Louisiana is sure for Hayes. Gov. Stearns of Florida, telegraphs that he will need assistance to protect and guard the returns, which established Hayes' success in that State. Morrissey's pools are selling, Hayes 100, Tilden 50. I heard Jack Rogers, a noted New Jersey democrat and gambler, say late this afternoon, that Florida was lost and Hayes elected, though he claimed Tilden had a popular majority. Evidences claim that knowing democrats give up the fight.
SAN DIEGO, November 9.—The Union this morning says of the Presidential election:—When the Union went to press yesterday morning the dispatches indicated the election of Tilden; as we close our forms this morning the probability is great that Hayes has carried the day. We will give the situation as concisely as possible. The electoral votes of the following States are certainly for Hayes:—California, Colorado, Illinois, Iowa, Kansas, Maine, Massachusetts, Michigan, Minnesota, Wisconsin, Nebraska, Nevada, New Hampshire, Ohio, Oregon, Pennsylvania, Rhode Island, South Carolina, and Vermont. It is almost certain that he has also carried Louisiana and Florida. This showing gives Hayes just 185 electoral votes, a majority of one. But besides this there are in doubt, with Republican probabilities, North Carolina and Connecticut. Given the latter States, Hayes has 201 votes or 33 majority. A dispatch was received early Wednesday afternoon that the republican committee of New York still claimed that State by 2900, and soon afterward a telegram from Indiana to Senator Morton showed that Republicans had not yet given up that State, but as no allusion is made to either of these States in subsequent dispatches it is presumed that later returns have placed them on the democratic side beyond doubt. The strong probability at this hour is that Hayes has carried twenty-one States and is elected by a majority of just one electoral vote. Hayes majority in California had reached 5000 at date of our last telegrams, a little before midnight. It is believed that Luttrell has been beaten for Congress in the third district, giving a full Republican delegation to the next Congress. Pacheco's majority over Wigginton in this district will not be far from 2000.
SAN DIEGO, November 9.—The total vote of this county as far as heard from stands, Hayes 701, Tilden 551; Pacheco republican 716, Wigginton, democrat, 520; majority for Hayes 150, for Pacheco 196. There are yet eight precincts to hear from, the combined vote of which cannot give above 35 majority. It is certain that San Diego county has given a majority for Hayes of more than 100 and for Pacheco of more than 150.
The San Bernardino papers report that the gentlemen of the railroad committee on subscriptions are meeting with excellent encouragement, a very large amount having already been subscribed and the work not yet completed. They are sanguine that a few short months will see San Bernardino in connection with all the world by steam.
SAN DIEGO, November 9.—Some 350,000 railroad ties have been received at Los Angeles by the Southern Pacific railroad within the last two months. This is sufficient to lay 130 miles of road.
SAN DIEGO, November 10.—The chairman of the democratic county central committee has received a dispatch from the chairman of the State central committee in San Francisco, this afternoon, saying that Louisiana, Florida and South Carolina have gone democratic and that Tilden is elected sure. This lacks confirmation.
SAN DIEGO, November 10.—The vote in Los Angeles with two or three

small precincts to hear from is as follows:—Tilden 3578, Hayes 3011; Wigginton 3356, Pacheco 3212; majority for Tilden 507, for Wigginton 144.
At 9 o'clock last night the following message was received by Douglas Gun, editor Union, from his special correspondent in San Francisco:—"San Francisco 8:55 p. m.: You can now hoist the flag with Hayes 195, Tilden 174; this is certainly the result." The Republican element at once accepted it as a joyful ending of the long suspense with which they have waited for the result of the presidential election. The closeness of the contest, the slowness with which the returns have come in, and the contradictory nature of the dispatches which have been hourly coming over the wires for two days, combined to carry the public anxiety to an extreme point of tension. Large throngs of citizens have waited about the telegraph office, night and even during the day time. Business seems to have been almost given over. There has probably never been, even in the midst of the war when Lincoln was re-elected, such an intense feeling among all classes of people. It well may be imagined therefore with what unbounded demonstrations of enthusiasm the Republicans received the apparently decisive news of Hayes' election. Cheer after cheer went up from the delighted throng; bonfires were lighted, bells were rung, and the Centennial cannon boomed out a joyous salute. Several houses were illuminated and flags were hung out of windows. The rejoicing continued far into the night, sounds of patriotic songs and cheers for Hayes and Wheeler being heard long after midnight.
EASTERN STATES.
WASHINGTON, November 5.—The President has accepted the invitation of the Centennial Commission to the formal closing of the exhibition on the tenth instant. He will be accompanied to Philadelphia by the members of the Cabinet.
WASHINGTON, November 10, 1 p. m.—Republican convention has just received a dispatch stating that Florida has gone Republican and the returns are all safe on U. S. revenue cutter, where they cannot be tampered with.
NEW YORK, November 9.—Headquarters Democratic committee, ten p. m.: Returns received from the South confirm the reports of last night; we have undoubtedly decided majorities in Louisiana, Florida and South Carolina. (signed) W. D. Pelton, chairman.
NEW YORK, November 10.—The Post's evening edition says:—Our special dispatches from Florida leave no reasonable doubt that Hayes has a majority in that State. These dispatches are confirmed by an examination of a dispatch to the Times giving the first returns by counties which have been received. The result in Louisiana is yet to be definitely ascertained, but it is reasonable to expect a republican majority. It seems safe to take South Carolina from the list of doubtful States and give it to Hayes; the Sun does so in its leading editorial this morning.
NEW YORK, November 10.—Leading democrats now concede Hayes' election.
CHICAGO, November 10.—The Inter-Ocean's special from Eli Perkins, their correspondent in New York, says:—He saw Tilden this afternoon and he virtually concedes defeat; charges fraud in Florida and Louisiana. Hewitt and Augustus Schell admitted defeat this afternoon, and Algernon Sullivan says the sanguine dispatches from rebel telegraph operators in Florida and South Carolina led northern democrats astray. Hayes pools way up; Tilden's down.
CHICAGO, November 10.—There is nothing from Republican sources to lessen Republicans claim to South Carolina.
PHILADELPHIA, November 10.—Grant telegraphed Sherman at noon directing troops to be sent into Florida and Louisiana to General Ruger and Auger, with instructions to insure a fair count of election returns in those States and at all hazards to prevent interference from either party; perfectly fair count must be made. He also urges that fair and influential men of both parties go to those States and use their influence to preserve peace and justice.
CHARLESTON, November 10.—News and Courier say positively Tilden's majority in State will be 1200.
C. C. BEAN, in the Miner of November 3, says:
All this hue and cry about fraud in the census is bosh. I know a good deal about Yavapai county, and I know that if you could only bring up the people to the great register and then bring them to the polls that Yavapai county can cast "nigh on" to three thousand legal votes, and I don't believe that any paid attorney will prevent the vote from being counted, nor vermons, as the French say, we shall see.
Without calling attention to the gross incoherence of using the French phrase "nous verrons" in a public print that finds its way to the family circle, we wish to say that Mr. Bean established his reputation in Tucson, two years ago. We are sorry to say it and would not if he had kept out of sight, but his political word is absolutely worthless in this part of Arizona, and must be wherever he is rightly known.
AS FAR as heard from at the time of going to press, the vote for Delegate, throughout the Territory, stands:—H. S. Stevens 975, W. H. Hardy 890, G. H. Oury 887.
